Blue Book for the Year ... Straits Settlements,1897 *WHO Guidelines on Hand Hygiene in Health Care* World Health Organization,2009 The WHO Guidelines on Hand Hygiene in Health Care provide health care workers HCWs hospital administrators and health authorities with a thorough review of evidence on hand hygiene in health care and specific recommendations to improve practices and reduce transmission of pathogenic microorganisms to patients and HCWs The present Guidelines are intended to be implemented in any situation in which health care is delivered either to a patient or to a specific group in a population Therefore this concept applies to all settings where health care is permanently or occasionally performed such as home care by birth attendants Definitions of health care settings are proposed in Appendix 1 These Guidelines and the associated WHO Multimodal Hand Hygiene Improvement Strategy and an Implementation Toolkit <http://www.who.int/gpsc/en> are designed to offer health care facilities in Member States a conceptual framework and practical tools for the application of recommendations in practice at the bedside While ensuring consistency with the Guidelines recommendations individual adaptation according to local regulations settings needs and resources is desirable This extensive review includes in one document sufficient technical information to support training materials and help plan implementation strategies The document comprises six parts The Coal Question W. Stanley Jevons,2022-03-09 Reprint of the original first published in 1866 The Road to Results Linda G. Morra-Imas,Linda G. Morra,Ray C. Rist,2009 The Road to Results Designing and Conducting Effective Development Evaluations presents concepts and procedures for evaluation in a development context It provides procedures and examples on how to set up a monitoring and evaluation system how to conduct participatory evaluations and do social mapping and how to construct a rigorous quasi experimental design to answer an impact question The text begins with the context of development evaluation and how it arrived where it is today It then discusses current issues driving development evaluation such as the Millennium Development Goals and the move from simple project evaluations to the broader understandings of complex evaluations The topics of implementing Results based Measurement and Evaluation and constructing a Theory of Change are emphasized throughout the text Next the authors take the reader down the road to results presenting procedures for evaluating projects programs and policies by using a Design Matrix to help map the process This road includes determining the overall approach formulating questions selecting designs developing data collection instruments choosing a sampling strategy and planning data analysis for qualitative quantitative and mixed method evaluations The book also includes discussions on conducting complex evaluations how to manage evaluations how to present results and ethical behavior including principles standards and guidelines The final chapter discusses the future of development evaluation This comprehensive text is an essential tool for those involved in development evaluation *Twitter and Tear Gas* Zeynep Tufekci,2017-05-16 A firsthand account and incisive analysis of modern protest revealing internet fueled social movements greatest strengths and frequent challenges To understand a thwarted Turkish

coup an anti Wall Street encampment and a packed Tahrir Square we must first comprehend the power and the weaknesses of using new technologies to mobilize large numbers of people An incisive observer writer and participant in today s social movements Zeynep Tufekci explains in this accessible and compelling book the nuanced trajectories of modern protests how they form how they operate differently from past protests and why they have difficulty persisting in their long term quests for change Tufekci speaks from direct experience combining on the ground interviews with insightful analysis She describes how the internet helped the Zapatista uprisings in Mexico the necessity of remote Twitter users to organize medical supplies during Arab Spring the refusal to use bullhorns in the Occupy Movement that started in New York and the empowering effect of tear gas in Istanbul s Gezi Park These details from life inside social movements complete a moving investigation of authority technology and culture and offer essential insights into the future of governance
